PROFESSIONAL EXPERIENCE

Shopify Theme Developer — Muscled Inc.

Feb 2026 – Apr 2026

Toronto, ON (Remote, Full-Time)

- Built and maintained custom Shopify theme sections in Liquid 2.0 on Online Store 2.0 architecture, including reusable modular blocks editable from the Theme Customizer.
- Translated Figma designs into responsive, mobile-first Shopify templates using Shopify CLI 3.0, CSS Grid, and Flexbox.
- Improved Largest Contentful Paint and Cumulative Layout Shift on product and collection pages through critical CSS inlining, image lazy-loading, deferred JavaScript, and srcset-based responsive images.
- Investigated and resolved UX issues across the mobile product, cart, and checkout flow, including layout shifts, tap-target sizing, and broken responsive states.
- Contributed to full-stack feature work using React.js, Node.js, and MongoDB as part of a remote engineering team.
- Worked with the design team on schema-rich product templates and A/B test variants of landing pages.

SELECTED PROJECTS

Eien Health — Full Shopify Storefront (Live)

eienhealth.com

- Built homepage, product pages, collections, and cart for a health & wellness brand on Shopify Online Store 2.0.
- Implemented merchant-editable sections with metafields so non-technical staff can update hero content, product callouts, and collection blocks without code changes.
- Focus areas: product clarity, responsive layout, and a clean cart-to-checkout flow.

AquaMe — Section & Template Development (Live)

aquame.com

- Developed Collection, Partners, and Technology pages from Figma designs to production-ready Liquid sections.
- Focused on discovery-led browsing: section ordering, internal cross-linking, and responsive media handling.

Made For Us — Homepage, PDP & About Page (Live)

madeforus.net

- Built the homepage, product detail page, and about page with a cleaner content hierarchy and a more guided shopping journey.

BrightLink AV — Homepage Redesign (Live)

brightlinkav.com

- Reframed the homepage into a service-led landing page with stronger above-the-fold positioning for high-intent visitors.

Personal Portfolio — mtahir.netlify.app

Next.js + Tailwind

- Designed and built a personal portfolio with Next.js and Tailwind CSS, including productized service pages, case studies, and a contact funnel via Calendly.
